PROAVIA member use case

HOW CAN AIRPORTS MANAGE EXCEPTIONAL PASSENGER AND BAGGAGE FLOWS DURING A MAJOR INTERNATIONAL EVENT?

France·ORY – 2026

01 THE CHALLENGE

Along with the airport stakeholders, manage the usual passenger flow as well as the Olympics athletes, visitors and delegations and their non-standard bagage items

02 THE SOLUTION

Remote and dedicated check-in services at the Olympic and Paralympic Village
Check in with the day before their flight
Baggage transported & securely stored at the airports
Anticipation, flexibility, rigorous planning and tight operational coordination

03 THE RESULT

Preventing congestion in the check-in areas
Smooth and stress-free journey
