

TECHNICAL SEMINAR

23 juin 2023 - Amphithéâtre de la DGAC , 50 rue Henry Farman, 75015 Paris

European innovations to reduce airports environmental impact

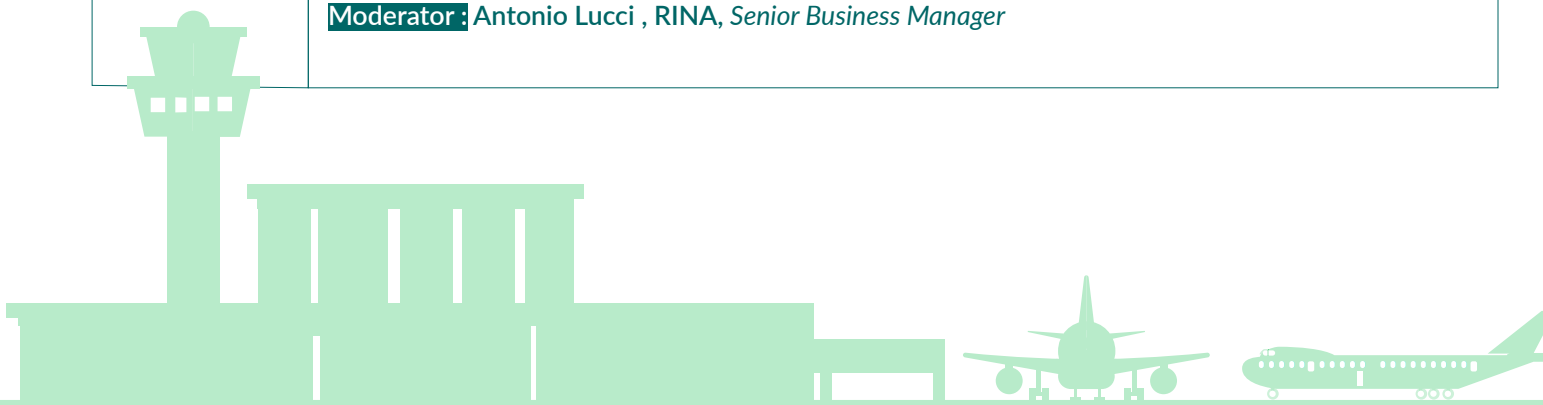

hOListic Green Airport (OLGA)

is a Europe Horizon 2020 project that aims to reduce the environmental impact of the aviation sector. It develops innovative and sustainable solutions to reduce CO2 emissions, optimise energy efficiency, preserve biodiversity, and improve air quality and waste management.

Paris-Charles de Gaulle, Milan Malpensa, Cluj and Zagreb airports are partnering in OLGA project.

PROGRAM

| | |
|---------------------------------------|---|
| 09.00 - 09.30 | Welcome Coffee |
| 09.30 - 09.45 | Opening address by DGAC <i>Nora Susbielle, DGAC, Cheffe du bureau de la politique de l'environnement</i> |
| 9.45 - 10.10 | Overview of OLGA Work Packages : <i>Yannaël Billard, Groupe ADP, Environment and Energy Department Senior Manager</i> |
| 10.10 - 10.25 | Presentation of the environmental benefits of OLGA projects <i>Ayce Celikel, ENVISA, CEO</i> |
| Round tables | |
| Round table 1 10.30 - 11.30 | <p>Regulation of hydrogen at airports (the examples of Paris-Charles de Gaulle and Milan Malpensa airports, strategies to support the decarbonization of the aviation sector in Italy)</p> <p>Speakers :</p> <p><i>Virginie Pasquier, Groupe ADP, Environment Project Manager</i> <i>Massimo Corradi, SEA Milano Malpensa, Head of Funded Initiatives Program Management</i> <i>Viviana Cigolotti, ENEA, Head of Energy Storage, Batteries and H2 production</i></p> <p>Moderator : <i>Antonio Lucci , RINA, Senior Business Manager</i></p> |

| | |
|---|---|
| Round table 2 : 10.30 - 11.30 | Landside airport connectivity Examples of 3 airports Milan, Cluj, Zagreb with specific problems and specific solutions Speakers : <ul style="list-style-type: none">→ Cluj airport connectivity solutions PhD. Stud. Eng. Horatiu Carausan, TUCN→ IT solutions for landside connectivity optimization at Zagreb airport Saša Vojvodić, ENT→ Cargo solutions at Milan: Small Parcel on a Train (SPOT) solution & Truck pooling digitalisation logistics Paolo Dallanocce, SEA Milano Airport, <i>Head of Cargo Management</i> Moderator : William Faas, Proavia |
| Round table 3 : 10.30 - 11.30 | APU Off, results of a successful experimentation and perspectives given by the APU Monitoring Speakers : <p>Rémy Delabeye, AIR FRANCE, <i>Head of GSE and Vehicles Division - DSAH - RSY.MP</i> Laura Taurand, Groupe ADP, <i>Smart Airside Operations Project Manager</i> Roberto Bernini, SEA Milano Airport, <i>Responsible for Electro mechanical systems</i> Maxandre Coulon, STAC DGAC Frédéric Van OOST, SMART AIRPORT SYSTEMS, <i>Sales and Operations Director</i></p> Moderator : Laurent TIMSIT, FNAM - Fédération Nationale de l'Aviation et de ses Métiers, <i>General Delegate</i> |
| 11.45 - 12.30 | Synthesis of the round tables by the moderators - Questions and answers Moderator : William Faas, Proavia |
| 12.30 - 14.00 | Networking lunch |
