

Lyon Saint-Exupéry Airport 2020

Mona Biometric journey through a mobile-controlled digital Identity

The Solution

IDEMIA, biometric security solutions, and **RESA**, editor and integrator of I.T. airport systems, have joined forces to supply Lyon Saint-Exupéry airport operator **Vinci Airports** a contactless solution that runs exclusively on passenger biometric data from registration right through to aircraft boarding.

Facial recognition technology coupled with latest-generation automatic gates provides for a smooth, seamless and secure airport experience that factors in social distancing whenever required.

Benefits

- Rapid and safe passenger flow solutions for the airport
- Time saving, safe and contactless solution for the passenger
- Compliant with airport health and safety measures

TESTIMONIAL ★★★★★

We are thrilled to launch MONA today, a world first, at a time when airports need game-changing innovations so they can give passengers an even safer, more enjoyable and personalized experience. I warmly congratulate all staff involved including IDEMIA and RESA people, who managed to overcome tough restrictions these last few months and deliver a great trial in barely a year

Valérie Vesque-Jeancard,
Vinci Airports France & Americas Area Director
